[Shroud University Lecture Three – Resurrection and Radiation](#) – **Dr. Shroud (Tom Devins)** – January 14, 2022 – Video (13:26) – Here is the online description: “The Shroud of Turin, long held as tangible proof of Jesus's bodily resurrection from the dead actually denies it. His crucified body transformed into radiant energy as thousands have done in the Tibetan Buddhist tradition over the past two centuries. The Shroud proves that His body radiated away. How ironic is it that the relic that is used to support foundational Christian doctrine actually denies it.” [**Editor's Note:** This website and video have no connection to Russ Breault's Shroud University website at <http://www.shrouduniversity.com>].

[Shroud University Lecture Two – Wrong Science Produces Bad Results](#) – **Dr. Shroud (Tom Devins)** – January 6, 2022 – Video (15:40) – Here is the online description: “This video concerns the science behind the Shroud of Turin. Over its lifetime the cloth has been studied under a classic science platform. Classic science is adequate for building roads, bridges, sky scrapers, cell phone networks, launching satellites and the like. However, it is not adequate to study a situation that involves a human body vanishing from sight. That is a job for modern science which developed in 1900-1930 timeframe with revolutionary thinkers like Einstein and his peers. The miracle claim that is made by classic science is false. Resurrection is the natural way the human body is designed to gracefully exit the planet and is validated by the features of the cloth.” [**Editor’s Note:** This website and video have no connection to Russ Breault’s Shroud University website at <http://www.shrouduniversity.com/>].

[Searching for Relics](#) – **Digging for Truth Podcast – Associates for Biblical Research** – December 31, 2022 – Audio (58:34) – Here is the online description: “Noah’s Ark, the Ark of the Covenant, Mt. Sinai... Many have claimed to have found these things, but how can you know if they are right? Especially if there are more than one location that has been found? And what about relics that have been found and are put on display in churches? Like pieces of the cross from Jesus’ crucifixion, or the crown of thorns - You can see them, but are they the real thing? We discuss some of these claims and suggest caution when someone makes a claim that they have found something significant.” Last third of the program discusses the Shroud.

We cannot explain it, nor reproduce it. All research on it has disproven the possibility that it is forgery made by man, especially the image itself. As counter-intuitive as it seems, the only explanation for it is a resurrection, and the only person whose image it can be, is Jesus Christ.”
