### NEW SHROUD GROUP IN WEST AUSTRALIA

As further evidence of the vigour of interest in the Shroud in Australia, early last year was formed the Holy Shroud of Turin Society of Western Australia, which at the end of January this year staged a Shroud Exhibition, using photographs supplied by California's Brooks Institute of Photography, in the St. George's Anglican Cathedral, Perth, Western Australia. Pat Lovett, Secretary of the Western Australia Society, has been in touch requesting back numbers of the British Society Newsletter, and says she already has 100 paid-up members. Anyone wishing to get in touch with the Australian group should contact her at Mardon House, 36 Archer Street, Carlisle 6101, W. Australia. We wish them every success.
