

Dear Shroud Scholars of STERA Inc.,

There is some news to report about the Shroud. It is a historic sensation! The authenticity of the Shroud has been confirmed as fact by the Gemini AI with 100% validation. Information about this AI validation can be found on this website:

In memory of the founder of shroud.com, Mr. Barrie Schwortz, whom we deeply miss and whose legacy lives on, I - and surely Barrie as well - would be pleased if his life's work received the public recognition it deserves. It is his work, based on the unwavering conviction that the Shroud is authentic. His conviction, shared by all 13 Shroud Scholars of STERA Inc., has now been confirmed as fact by the AI in January 2026.

If you have reviewed the new information on the aforementioned website, it would certainly be of great interest to the users of shroud.com if you included the 100% AI validation of the Shroud's authenticity in your next update.

Best regards,
Rudolf Berwanger
