[The Shroud of Turin: An Apologetics Sinkhole?](#) by **J.W. Wartick** – **Reconstructing Faith** – November 14, 2022 – Blog posting – Here is the introduction: “I have noticed an increasing amount of interest in some apologetics circles about the Shroud of Turin. When I was in graduate school, there was a group of people studying apologetics I deemed “The Shroud Crowd” due to their especial interest in the topic. Increasingly, I have seen articles getting shared about the supposed authenticity of the Shroud of Turin. For those unfamiliar, the Shroud of Turin [wiki link] is alleged to be the burial shroud in which Jesus was wrapped or covered after the crucifixion. Yes, the actual thing. One could see why this would be of great apologetic interest if it could be shown to be genuine.”

[Holy Shroud Fragrance](#) – Website – November 11, 2022 – Here is an excerpt from the online description: “...Rodger and Greer Kenworthy, producers of ABBA Biblical fragrant oils for the past 27 years, have been researching and studying the Shroud of Turin for over 15 years. Their first encounter with this sacred relic occurred in 2005 during a visit to the Garden of Gethsemane... Since that viewing, they have been seeking God’s direction on the possibility of producing a fragrance associated with this awe-inspiring relic. Through in-depth study of first century Jewish burial rites along with the resurrection account as told in the Gospels, the Kenworthys learned that various spices, resins and oils, such as myrrh, nard and aloes, were used to prepare a body for burial. With the leading of the Holy Spirit, they have formulated a fragrance using some of the same spices and oils which would have been on the linen burial cloth of Jesus Christ of Nazareth.” [Editor’s Note: For the sake of complete transparency, the Kenworthys have graciously offered to make a donation to STERA, Inc. of 30% of any sales generated via Shroud.com].

[Shroud Show \(Bonus\) - Previously Unaired Q&A & Round 1 Debate \(Alan vs. Dale on STURP\)](#) – **Dale Glover** of **Real Seekers Ministries** – September 10, 2022 – Blog page - Here is the online description: “In this bonus Shroud show, I decided to post up some bits of previous Shroud shows that I edited out due to irrelevancy and time constraints. The first bit is a Q&A session that David Johnson asked me to do for my Shroud Solo Show Part 6 (obviously, on Real Seekers I fit the first part of Part 6 with my Part 7 show instead on RSM). Additionally, I edited out the first section of my Shroud Wars

Round 1 debate with Alan the fundy lay Shroud skeptic on the credibility of STURP (note this debate happened on the 40th anniversary). I take the position that they were scientifically credible whereas Alan takes view that they were nothing but a bunch of "pseudo-scientific nutters".

[Cyfrowy Leksykon Syndonologiczny \(Digital Syndonology Lexicon\)](#) – Polish language website – 2021-2022 – The home page carries the following quote from Pope John Paul II (online translation into English) – “The shroud is a challenge to reason. From every person, and especially from a scientist, it requires above all an effort that will allow him to humbly accept the deep message that speaks to his mind and touches his life. The mysterious charm of the Shroud makes us ask about the connection between the sacred cloth and the historical events of Jesus' life. It is not a matter of faith, and therefore the Church does not have the proper competence to pronounce on these matters. Therefore, he entrusts scholars with the task of conducting further research aimed at finding answers to questions related to the Shroud in which - according to tradition - the body of our Redeemer was to be wrapped after being taken down from the cross. The Church encourages people to approach the study of the Shroud without prejudice, not to take for granted anything that has not been proven; it calls for an inner freedom of action, scrupulous adherence to the principles of scientific methodology, and at the same time respect for the sensibilities of the faithful. Pope John Paul II”

[The Incredible Shroud of Turin](#) – Website by **Larry Stalley** – 2022 – Here is an excerpt from the introduction on the home page: “Have You Discovered the Shroud, God's Gracious Gift Affirming the Gospel Story? A faint, mysterious, full-body image of a man appears on the inside of an ancient burial cloth known as the Shroud of Turin. The man appears to have suffered a Roman scourging and crucifixion. His wounds are in keeping with the unique crucifixion Jesus underwent as related in the Biblical account. Yet, crucifixion was outlawed by the emperor Constantine in the early 4th century. Scientists have concluded the image is NOT the work of an artist and has inexplicable characteristics associated with a three-dimensional, photographic negative!”

There are three fundamental types of such hypotheses; i) The Medieval Proto-Photograph (Proto-Photo) models (Picknett & Prince and Nicholas Allen), ii) Nathan D. Wilson’s “Shadow” model and finally, iii) Serge N. Mouraviev’s Solar Reflex model...” [**Editor’s Note:** This blog posting also includes links to the primary sources used for the presentation and other important information].
