

CORRECTION

We thank Kevin Moran for sending a report on the examination of the True Replica of Summit, New Jersey, conducted by a team from ASSIST. His summary of the proceedings appeared under "News and Activities", page 24, *Spectrum* #23, June 1987.

The manuscript just barely slid under the copy deadline and mistakes were made. We apologize to: Mother Mary Albert, Prioress, for it was she (not Sister Mary Agnes) who was taking pictures throughout the tests; to Sister Mary Antoninus, who was present during the entire study, though her name was not mentioned; and to Mr. Ed Scarinzi, whose name was misspelled.

We thank Mr. Ed Insinger for tactfully pointing out these errors, which we are happy to rectify.
